## **STATEMENT OF THE AUDIT COMMITTEE FOR THE YEAR 2013**

To The Shareholders

On 31<sup>st</sup> December 2013, the Board of Chiang Mai Ram Medical Business Public Co., Ltd., designated the Audit Committee comprising 3 independent directors as follows:

- |                 |           |                                 |
|-----------------|-----------|---------------------------------|
| 1. Dr. Suthisak | Kanaprach | Chairman of the Audit Committee |
| 2. Mr. Krirk    | Jittalan  | Audit Committee                 |
| 3. Miss Papat   | Supaokit  | Audit Committee                 |

The Committee's areas of responsibilities are as follows:

1. To review the company's financial reporting process to ensure accuracy and adequacy;
2. To ensure that the company has suitable and efficient internal control system and internal audit;
3. To review the performance of the company to ensure compliance with the securities and exchange law, regulations of the Exchange or laws relating to business of the company;
4. To consider, select, nominate and recommend remuneration of the company' s external auditor;
5. To attend the meeting and confer with the auditor without the attendance of the management.
6. To consider and approve the appointment, removal, transfer or termination and to consider granting gratuities to head of the Internal Audit Office.
7. To review the disclosure of information of the company in case that there is a connected transaction or transaction that may lead to conflict of interest so as to ensure the accurateness and completeness;
8. To perform any other act as assigned by the board of directors with approval of the audit committee;
9. To report directly to the Company' s Board of Directors.
10. To prepare a report on monitoring activities of the audit committee and disclose it in an annual report of the company, and have such report signed by the Chairman of the Audit Committee.

During 2013, the Audit Committee held 4 meetings to independently consider matters of importance. They also attended the meeting with an auditor and internal auditor and if necessary. The concerned directors would be invited to the meeting to provide additional information or to explain matters in question as follows:

1. Review 2013 trimester and annual financial statements of the company in order to ensure that the company's financial statements were in an accurate manner as specified in the matters of importance. The company information was sufficiently disclosed in accordance with the generally accepted accounting standards.
2. Review the company's disclosure of related transactions and transactions that may lead to conflict of interest to ensure that the company adhered to the procedure of normal business conditions and regulatory requirements specified by The Stock Exchange of Thailand.
3. Review the internal control system including the approval of the audit programme, acknowledgement of audit result, and the compliance and rectification of the result in order to emphasize that such internal control system was in accordance with international standard and in a substantially adequate manner as reported to the Board of Directors.
4. Review the company's operation to ensure that it conducted its business in compliance with law and all other legal and regulatory provisions.
5. Consider and select auditors and set their appropriate audit fee for consideration of the Board of Directors.

In conclusion, the Audit Committee agreed with the auditors that the company's financial statements were in a true and accurate manner and in compliance with generally accepted accounting standards and the Securities and Exchange Act. The company's operation in 2013 was considered satisfactory.

(Dr. Suthisak Kanaprach)

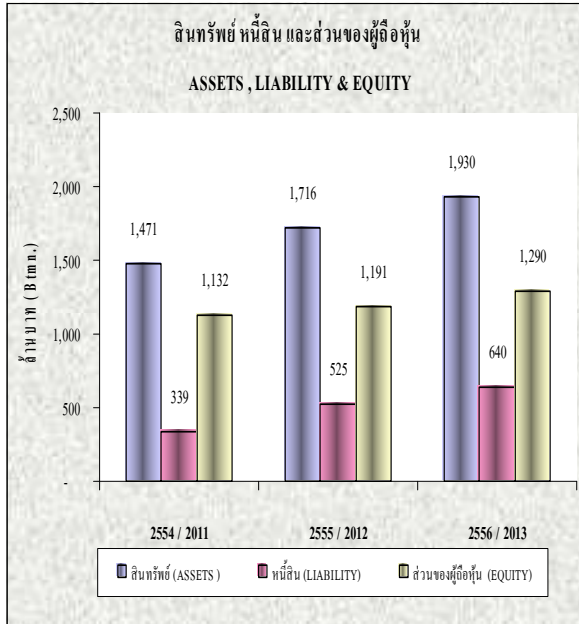

Chairman of the Audit Committee

## COMPANY BACKGROUND

1976	A group of investors from the Faculty of Medicine, Chiang Mai University, Lawyers and Businessmen in Chiang Mai founded the “Lanna Hospital” with a registered capital of 20 million baht and operations began on 1 July.
1981	The company annexed an additional 4.5 storey wing with 65 beds the existing wing to enable the hospital to accommodate more patients. Combined with the original 60-bed wing, the hospital was now had 125 beds.
1983	The company began to extend the existing out-patients building were increased to 4 and a post-operation room was added. In addition, the operating theatre supplies and preparation room were also expanded. The extensions were completed and the building was ready for use in 1984.
1992	The hospital was expanded to a 180-bed hospital. A new 6-storey wing was constructed (including basement floor). The number of beds was increased by 42. Construction was completed in 1994 and the registered capital was increased to 40 million baht.
1993	<p>At an extraordinary meeting of shareholders, a resolution was passed authorising the Board of Directors to alter the status of the company from a company limited to a public company. Registration was made with the Ministry of Commerce on 26 December, 1993 and the name of the company was changed to Chiang Mai Medical Services Public Co., Ltd. (LNH).</p> <ul style="list-style-type: none"><li>- The value of shares was changed from 100 baht per share to 10 baht per share and the registered capital increased to 120 million baht.</li></ul>
1994	On 17 October, the company received permission to register on the Securities Exchange of Thailand.
1995	The hospital became part of the Thonburi Hospital network.
1996	On March 25, 1996 The Thonburi Hospital Public Company Limited invested in LNH and becoming a major share holder of LNH with the ownership of 6.35 million shares or 52.91% of the Company' s paid up capital.
1999	We received the ISO 9002 certification.
2003	<ul style="list-style-type: none"><li>- We received the ISO 9001 : 2000 certification from UKAS Quality Management.</li><li>- Construction began on an additional 2-storey building to extend the existing Out- patients and opening the Health Check Up Centre. The building was ready for use in 2004.</li></ul>

## COMPANY BACKGROUND

- 2005 Renovation of the 1<sup>st</sup> Floor of B Building to expand the existing Out-patients Service Area. The building would be ready for utilization early in 2006.
- 2007
- In March, Thonburi Hospital Public Company Limited sold 4.60 shares or 38.33% of LNH's ownership to a group of persons V.R.&S.C. and Police Colonel Wittaya Wongpaiboon resulting in a change of major shareholder/ management structure (more details in major shareholders)
  - On March 4, 2007, LNH issued 6 million new registered common shares and offered these new shares to existing shareholders at the ratio of 2 existing shares for 1 newly issued share at the price of THB 20 per share. The capital increase will be used to improve the quality of LNH' s services and to finance the construction of its New-Patient Building which is currently re-plan to be the Cancer and the Geriatric Centers. The issue has been informed to the LNH' s Extraordinary General Meeting of shareholders, No. 2/2007 on 2 November 2007.
  - Board of Directors/ Management: During April 2007, there were changes in the BOD structure which composes of 9 members including 2 existing members from LHN' s board, 3 members from CMR, 3 independent audit committees (one specializes in Accounting and Finance and appointed on 10 August 2007) and 1 member from outside. Moreover, some improvement was made to the internal operation. However, there was no significant change in management policy and every hospital still has CEO (full-time) to manage and control the daily operation to conform with the company's management policy.
  - The resolution of the LNH' s Extraordinary General Meeting of shareholders, No. 2/2007 on November 2, 2007 approved the issuance of new common shares of not exceeding 22,843,333 shares or 55.93% of the company' s paid up capital to purchased shares, via share swap, from the all CMR' s shareholders excluding Ramkhamhaeng Hospital Public Company Limited (RAM). LNH' s BOD will consider the allotment of remaining shares from the swap transaction to public or specific investor or other proper arrangement.
- 2008
- The company registered paid-in capital with the Ministry of Commerce Thailand on February 25, 2008 which would be traded on Stock Exchange since March 4, 2008.
  - Regarding to a meeting of shareholders, the company' s name had been changed to “Borisat Chiang Mai Ram Turakit Karnpad Chamkad (Mahachon)” in Thai and the name in Roman alphabets is “Chiang Mai Ram Medical Business Public Company Limited” as already registered on June 23, 2008.

## COMPANY BACKGROUND

- 2011** On October 26, 2011 CMR has received a copy of the Tender Offer from the Vibhavadi Medical Center Public Company Limited. Tender offer Period 25 business days starting from October 31, 2011 to December 2, 2011. The amount of securities held by VIBHA after the tender offer is 33,694,722 Ordinary Shares or 83.75% of total issued and paid-up shares of the Company.
- 2012** During June – September 2012, CMR has investment in common share of Hariphunchai Memorial Hospital Company Limited, by purchase from current shareholder, in the amount 16,010,000 shares or 80.05% of total shares.
- 2013** The hospital was expanded to a 225-bed hospital. A new 5-storey wing was constructed, the number of beds was increased by 45. Construction will be complete in April 2014.

## Type of Business and Nature of Operation

LNH was established in 1974 by the jointed investment between groups of medical school professors (Chiang Mai University), attorneys, and businesspeople in Chiang Mai Province to operate medical care center under the name “Lanna Hospital”. On December 23, 1993 the resolution of the General Meeting of shareholders approved the transformation of LNH to be publicly owned company and LNH was finally listed in the Stock Exchange of Thailand under Health Care Services Sector on October 17, 1994.

During 1995-1996, Thonburi Hospital Plc. Invested in LNH and becoming a major share holder of LNH with the ownership of 52.91%. In March 2007, Thonburi Hospital however sold 38.33% of LNH’ s ownership to a group of persons V.R & S.C. and Police Colonel Wittaya Wongpaiboon resulting in a change of major shareholder / management structure as follow;

MAJOR SHAREHOLDERS	NUMBER OF SHARES	%
1. V. R & S. C. Group <sup>(1)</sup>	4,349,876	24.17
2. Pol. Col. Wittaya Wongpaiboon	4,299,923	23.89
3. Thonburi Hospital Public Company Limited	2,588,610	14.38
4. Others	6,761,591	37.20
TOTAL	18,000,000	100.00

Remark : (1) Directly hold by Dr. Wiroj Onganunkun and Dr. Supachai Chotibutr

The resolution of the CMR’ s Extraordinary General Meeting of shareholders, No 2/2007 on November 2, 2007 approved the issuance of new common shares of not exceeding 22,843,333 shares or 55.93% of the Company’s paid up capital to purchase shares, via share swap, from the all Chiangmai Ram Hospital Company Limited ’s shareholders excluding Ramkhamhaeng Hospital Public Company Limited (RAM).

## The Industrial Condition

Regarding to the above situation effecting to several industries, the private hospital business is unavoidably affected too. For this reason, therefore, it has effected to the industrial condition and the rivalry of private hospital business to the present as following;

### (1) Government Policy

**Government Policy:** According to the Act of Medical Fee of Government Official, it has more limitation to consider the medical expense disbursement in the private hospitals. Therefore, the bureaucrats turn to use the service of public hospitals instead.

**Social Security Project :** Due to the diminishing economy and the lack of purchasing power, the private hospitals have to seriously emphasize the patients from the social security, regarding to the Labor and Social Welfare Act, to be their main patients s in the long run. However, there are several private hospitals in Chiang Mai participating in the social security project while the amount of social security patients is still the same. This situation causes more severe competition.

**Health for All Project :** It was established by the government in 2001. In this group, the public and private hospitals divide the patients by geography. In addition, the government also fixes the compensation. Thus, there is no the competition between the hospitals joining in this project, for instance, Changpuek Hospital. Anyway, there are many hospitals not attending to the project such as Lanna Hospital, Chiang Mai Ram Hospital and Theppanya Hospital. There may be some patients, which are the customers of the hospital group, choose the service of the hospitals participating in the project instead.

### (2) Decreasing Purchasing Power

Due to the declining economy, there are several businesses which reduce the production capacity or close down. The rate of unemployed people is increasing. The welfare of executives and staffs, both in public and private sector, are controlled for the organization survival. People have to cut down the unnecessary expense; at least they change to use the service of public hospitals because the medical fee is lower than the private hospitals or use the service of the government project.

## (3) Growth of Private Hospitals

Most of private hospitals face a problem about growth and have to postpone many projects. It is observable that the number of private hospitals and hospital beds remains the same as 2012. This is the result from the government policy concerning with the medical treatment and the declining purchasing power. It effects to the amount of patients in the private hospitals and the income meanwhile the cost (which are medicine and medical supplies, the doctor fee etc.) is subject to increase. Hence, many hospitals have to adjust the marketing strategies to be concordant with the present situation, for example, the patients from the insurance companies, the medical treatment program (annual health check-up program or childbearing) etc. These factors enlarge the higher rivalry compared with the last year.

## (4) Service Improvement of Public Hospitals

The public hospitals improve the quality of service to compete with the private hospitals. It is another reason that the patients turn to use the public hospitals instead because the fee is cheaper and the service standard is equal to the private hospitals.

## Rivalry Condition

The analysis of industrial rivalry condition by Five Forces method composes of the five factors analysis. They are the entry barrier, the substitute products, the power of buyer and the power of supplier which can be concluded that the hospital business is the moderate competition business.

- (1) **Entry Barrier:** The entry of new competitors in the hospital business is rarely founded because of the high capital incentive and the insufficient staffs especially the limited amount of qualified and specific medical personnel.
- (2) **Power of Buyer:** According to the diminishing economy, the purchasing power of general consumer is decreasing too. The partial patients turn to use the service of public hospitals, the social security project and the health for all project. The rivalry between private hospitals seems to be intensifying and the strategies are changed to be suitable for the type and needs of present patients. Nevertheless, the target group of both Lanna Hospital and Chiang Mai Ram Hospital are general patients in the middle and top level who prefer the quality of service and/or the quality of doctor than the medical fee.

## SUMMARY OF ECONOMIC STATUS IN 2013

- (3) **Power of Supplier:** The power of supplier in the hospital business is quite low because there are a lot of domestic and foreign manufacturers. Most of them offer the products to the doctors or the concerning people for purchase consideration. Besides, the incorporation between Lanna Hospital and other hospitals in Chiang Mai Ram group including the rights to use the purchasing system of Ramkhamheang network is the way to increase the bargaining power to the organization.
- (4) **Substitute Products:** At present, the public hospitals starts to develop the service to compete with the private hospitals such as there are some special clinics opening after working hour in the public hospitals. However, compared with the private hospitals, the quality of service of the private hospitals is more flexible and able to maintain the better service. Additional, other substitute products such as the drugstores or clinics might affect the private hospitals having the target patients in the middle and low level.
- (5) **Competitor :** Regarding the 2013 statistic prepared by the Public Healthcare at Chiang Mai, there are 42 hospitals providing service for IPD patient. 11 hospitals out of those are private hospitals providing general healthcare service, and 8 hospitals out of them have more than 100 beds, being the same size as LNH. Meccomic Hospital, presently, is the biggest private hospital in Chiang Mai providing 400 beds or equivalent to 25.91%. Chiang Mai Ram Hospital provides 220 beds or equivalent to 14.25% and Lanna Hospital 180 beds or equivalent to 11.66%. After the merger between LNH and the CMR group, they will become the biggest hospital in Chiang Mai or providing up to 609 beds or equivalent to 39.44%. This merger transaction, also, means the reduction of competitors.

Competition among hospitals mostly focuses on the service, quality of doctors, and modern medical equipments. If compared medical equipments among hospitals in Chiang Mai, CMR may considered CMR providing the latest new technology of medical equipment, such as CT 64 Slices. The following table shows comparison of registered beds and the beds in services.

## SUMMARY OF ECONOMIC STATUS IN 2013

Name of Hospital	Beds of Registered	%
LANNA HOSPITAL	180	11.66
CHIANG MAI RAM HOSPITAL	220	14.25

## Key Success Factors

The competition among private and government hospitals have increased during this time so that many changes are needed in order to keep our existing clients and to gain new clients. Therefore, to gain the advantages of this development, the company has created strategies or key success factors as follows.

1. **Personnel Development Policy**

Lanna Hospital has focused on personnel development policy for over 38 years.

2. **Marketing Policy**

In order to support the demands of the clients, Lanna Hospital has expanded its business to the community by taking part in their activities and disseminating useful information to them. Following our marketing strategies, We have increased the number of satellite clinics in surrounding districts and nearby provinces.

3. **Administration Policy**

Lanna Hospital has a firm policy to reduce operating cost and to increase efficiency in medical treatment and associated services.

4. **Quality Policy**

Lanna Hospital has implemented personnel development for our employees to provide the best services to our clients. The hospital received the ISO 15189 certification and received the Hospital Accreditation (HA) certification.

# RISK FACTORS

Hospital business is the basic necessity of life and expands in accordance with the increase in population. Also, it may grow when the population has higher education level, economic conditions and social status together with the continuous development of the country. The risk in medical business is less than other general businesses. However, there are certain cases of risk which may affect future company operations. They are as follows.

## 1. External Factor

### 1.1 Economic Situation of the Country

The negative growth rate of Thai economy has affected all business sectors. As a consequence, the public and private sectors have realized the necessity to adjust their. It was the result of Domestic and international factors affecting the global economy, such as the political change, the fluctuation of gas price, the fluctuation of the monetary value event to the fluctuation of the world economy and the failure a large company in the westerner etc. This economics has impacted industry, capital investment and also expenditures as corporate or individual. As the sickness of people being uncontrollable factor and need to be cured by doctor, healthcare industry has moderate impact by the slow economics.

### 1.2 Competition in Medical Services Business

As a result of slow economics' growth rate has caused the reduction in the ability and purchasing power of Thai people, and increasing the competition among hospitals. However, LNH has reviewed its marketing strategy by maintaining its quality of service and type of service that relate to both current and new patients' demand. Both LNH and CMR may considered healthcare service provider at the same level. The merger between them, therefore, means the reduction of competitors in the industry, and become the biggest private hospital in Chiang Mai and northern part of Thailand.

## 2. Business Operation

### 2.1 Risk from Personnel Shortage

Lack of expert in healthcare service. The number of people in Chiang Mai and provinces nearby, while the number of doctors and nurses limit. This limitation may cause insufficient doctor and nurse to cure patients. However, CMR has set the compensation and benefits at the appropriated rate and inline with the industry. Additional, the merger of LNH and the CMR group has caused sharing this limitation resource and reduce the lack of doctors or nurse.

# RISK FACTORS

## 2.2 Risk from Sued by patient

Sued by patient or related person to patient. If any patient or related person to the patient is not satisfied with medical program while the healthcare service related to life and healthy of patients, he or she may sue the hospital for the compensation. This, also, affect the reputation of the hospital. However, CMR has never been sued by any patient or related person to the patient since start its services.

## 3 Investment and Finance

### 3.1 Investment on medical equipment

In case of less number of patient, it causes low return compared to high investment cost of medical equipment. Therefore, the merger of LNH and the CMR group shall allow LNH or the CMR group to share high-cost medical equipment.

### 3.2 Investment in Chiangmai Ram Hospital Company Limited

After an investment in Chiangmai Ram Hospital, CMR will has sub-companies; Theppanya Business Company Limited and the co-operative company is Khelangnakorn Hospital. Furthermore, there are 4 concerning hospitals which are Phayao Ram Hospital Company Limited, Bhum Panya International Company Limited, Chaiyaphum Ram Company Limited and Khonkaen Ram Company Limited. The turnover of these companies will effect the investment capital of CMR in the future and some companies had better business profits on 31 December 2013, while Bhum Panya International Company Limited still lost due to interest from loaning money and not available service. On the contrary, CMR already prepared an allowance of full amount of capital impairment.

Long-term loan to other person was in the form of contract with interest at the rate of 5.00% per annum and loan period of 10 years. This loan had the repayment not less than 1 million Baht per annum and was secured with shares certificate by the board of Hariphunchai Memorial Hospital Co., Ltd and in the year 2013, the subsidiary has fully received.

## 5 *Other factors which may affect investment*

### 5.1 [Lawsuit](#)

Lanna Hospital (LNH) : The owner of land, located at Chiang Mai with the title deed no. 49732, has allowed LNH to use that piece of land as an entrance to Building B of the hospital and to parking lot for staff, but presently the owner would like to cancel the permission to use that entrance without any notice. Therefore, LNH has requested the court to order the land owner to allow LNH to pass. Regarding court's order, LNH has still used that entrance since February 2006 to present.
